For Greater Glory

The Cristero War and Mexico’s Struggle for Religious Freedom
Ruben Quezada
Foreword by Archbishop José Gomez
Introduction by Eduardo Verástegui
Bonus Essay by Carl Anderson

Many people of faith today are asking, “What is the price of religious liberty?” In the 1920’s many Catholics in Mexico answered this crucial question at the cost of their very lives. The new major motion picture, For Greater Glory: The True Story of Cristiada tells the epic tale of Mexico’s heroic struggle for religious freedom in a little-known conflict called the Cristero War—but many questions still remain. Now you’ll go much deeper into the exciting history behind the movie with this fact-filled Official Companion book—and gain important insight into the on-going fight for religious freedom today.

Lavishly illustrated with both photos from the movie and historical photos. Includes Cristero Prayers in English and Spanish, plus both encyclicals of Pope Pius XI from 1926 and 1932 about the attack on religious freedom in Mexico.

Also available in Spanish (Spanish title: Cristiada: La Guerra Cristera Y El Conflicto En México Por La Libertad Religiosa).

As you read you’ll discover:
• Who were the Cristeros?
• What drove the Mexican government to ruthlessly persecute Catholics?
• Can a priest “wage war”
• What role did groups like the Knights of Columbus play in this armed resistance?
• Why did thousands of Catholics—priests, religious, lay people—willingly give their lives in the Cristiada?
• What role did the U.S. play in ending this bitter conflict?
• What did the Pope do to support the Church in Mexico?
• Which characters in the movie went on to become Catholic saints and blesseds in real life?
• Why is this dramatic episode of history so little known today?
• What is the lesson of the Cristiada for those struggling for religious freedom today?

“For Greater Glory is a top-flight production whose message of the importance of religious freedom has particular resonance for us today.” — Most Reverend José Gomez, Archbishop of Los Angeles

“For Greater Glory is ‘must-see’ viewing for all those who care about faith and liberty today.” — Carl Anderson, Supreme Knight, Knights of Columbus

Ruben Quezada is Director for the Catholic Resource Center and St. Joseph Communications, Inc. in Southern California. He is a recognized expert on “The Persecution of the Catholic Church in Mexico in the 1920s” and has traveled internationally as a bilingual speaker giving lectures on this subject for many years to all age groups.

The Autobiography of a Hunted Priest
John Gerard, S.J.
Foreword by James V. Schall, S.J.

Truth is stranger than fiction. And nowhere in literature is it so apparent as in this classic work, The Autobiography of a Hunted Priest. This autobiography of a Jesuit priest in Elizabethan England is a most remarkable document and John Gerard, its author, a most remarkable priest in a time when to be a Catholic in England courted imprisonment and torture; to be a priest was treason by act of Parliament.

Smuggled into England after his ordination and dumped on a Norfolk beach at night, Fr. Gerard disguised himself as a country gentleman and traveled about the country saying Mass, preaching and ministering to the faithful in secret—always in constant danger. The houses in which he found shelter were frequently raided by “priest hunters”; priest-holes, hide-outs and hair-breadth escapes were part of his daily life. He was finally caught and imprisoned, and later removed to the infamous Tower of London where he was brutally tortured.

The stirring account of his escape, by means of a rope thrown across the moat, is a daring and magnificent climax to a true story which, for sheer narrative power and interest, far exceeds any fiction. But more than the story of a single priest, The Autobiography of a Hunted Priest epitomizes the constant struggle of all human beings through the ages to maintain their freedom. It is a book of courage and of conviction whose message is most timely for our age.

“In my early years in the Society of Jesus, I recall that this book was read at table... On first listening to it, the book also struck me as describing a persecution of Catholics that could not happen here. One is no longer quite so sure. It may, in fact, be a very up-to-date book in its own way.”
— James V. Schall, S.J., from the Foreword

The Confessions
Saint Augustine of Hippo
Edited by Fr. David Meconi, S.J.
Translated by Sr. Maria Boulding, O.S.B.

One of the greatest works of all time, Augustine’s Confessions is a pillar of Western thought. Essential reading for anyone studying theology or philosophy, it is also the first Western autobiography ever written. The Confessions combines personal experience with a profound study of the Scriptures in an effort to reconcile the reality of evil with the goodness of God and his creation. Writing in the fourth century, Augustine—philosopher, rhetorician, theologian, and bishop—gave the world not only its most complete account of a man living in the late Roman Empire, but a spiritual classic that for centuries has helped countless souls heed the mysterious call of Christ. Sr. Maria Boulding’s acclaimed translation is considered by many Augustine experts as the most beautiful and accurate modern translation of the Confessions.

Fr. David Meconi, S.J. is a Professor of Patristics at Saint Louis University, where he teaches courses on Trinitarian theology, Christology, and soteriology in the early Church. A scholar of the life and thought of Augustine of Hippo, he is the author of The One Christ: Augustine’s Theology of Deification (Catholic University of America Press) as well as the co-editor of the Cambridge University Companion to Augustine. Fr. Meconi is also the editor of Homiletic and Pastoral Review, online at HPRweb.com.

Real Love Updated and Expanded Edition

Mary Beth Bonacci

Mary Beth Bonacci has spoken to hundreds of thousands of people across the country and around the world—about relationships, about marriage, about God’s plan for sexuality, and about finding real, honest love. And they speak back to her. They ask her questions—about sex, about dating, about marriage, about their struggles to live love. In this newly updated and expanded edition of Real Love, Mary Beth shares those questions—and her answers—in an even more comprehensive guide which addresses the details of the very real struggle we all face in trying to live real love in a world gone mad.

Mary Beth offers a comprehensive catechesis of the Church’s teaching in the areas of marriage and human sexuality. She tackles the toughest issues—premarital sex, contraception, divorce, homosexuality, internet pornography and others. And throughout it all, she demonstrates that living respect for God’s gift of sexuality is the way—the only way—to find real, honest love.

The Loser Letters A Comic Tale of Life, Death, and Atheism

Mary Eberstadt

Amid the many current books arguing for or against religion, social critic and writer Mary Eberstadt’s The Loser Letters is truly unique: a black comedy about atheism and atheism that is simultaneously a rollicking defense of Christianity. Echoing C.S. Lewis’ Screwtape Letters and Dante’s Divine Comedy, Eberstadt takes aim at bestsellers like The God Delusion and God Is Not Great with the sexual libertinism their authors advocate. In her loveable and articulate tragic-comic heroine, A.F. Christian, Dawkins, Hitchens and the other “Brights” have met their match.

WHY CATHOLICISM MATTERS
How Catholic Virtues Can Reshape Society in the 21st Century
Bill Donohue

Always willing to speak his mind and put up the good fight, Bill Donohue, the president of the Catholic League, reminds readers of the great wealth of charity and wisdom that exists in the Catholic tradition. In Why Catholicism Matters, he explores the four Cardinal Virtues—Prudence, Justice, Fortitude and Temperance—and shows us how the Church’s best attributes can be applied to solve many of the biggest problems society must confront today and in the future. From questions of liberty and freedom, to the use of contraception and abortion, to the need for courage in age of terrorism and religious intolerance, Donohue examines how goodness and morality can affect the world in the centuries to come.

“A fresh and compelling look at how the teachings of the Catholic Church continue to provide the best guide for a healthy, happy society. It reveals that the Church gives an emphatic YES! to all that is good, noble and uplifting in the human person.”

JESUS-SHOCK
Peter Kreeft

This work investigates the reception Jesus received in his lifetime and continuously to the present time, not only from his enemies, but from his friends, a reception of shock, astonishment, even disgust. The main question of this book focuses on: Why is “Jesus” the most non-neutral, the most controversial, the most embarrassing name in the world?

What was the bitterest controversy of the Protestant Reformation, between Protestants and Catholics and also between different Protestant denominations, the one that had both sides calling the other not just heretics but devils?

Answer: It was about the Real Presence of Christ in the Eucharist. God truly present in the Blessed Sacrament. Jesus-Shock, in addressing this controversy forcefully and faithfully, shows the reasons why to this day the name of “Jesus” stirs up controversy, even revulsion, in polite society. In the true spirit of ecumenism, it also points the way toward a true rapprochement among His modern-day disciples.

LORD OF THE WORLD
A Novel by Robert Hugh Benson
Introduction by Ralph McInerny

In this profound and prescient novel, Monsignor Robert Hugh Benson presents an imaginative foretelling of the end of the world. All stories, Aristotle said, have a beginning, a middle, and an end, but most ends are relative, the terminus of a chain of acts. But what about the end that terminates all human action, the end of time, the Second Coming? Since this novel appeared in 1906, many others have been devoted to nuclear disaster, destructive comets, and other hair-raising possibilities. What sets Benson’s story apart and makes it as readable today as when it was written is the Catholic and biblical context that provides the ultimate meaning.

MORALITY
The Catholic View
Servais Pinkcaers, O.P. • Preface by Alasdair MacIntyre

Father Pinkcaers, one of the foremost writers on Catholic morality for the coming generation of laymen, sharply distinguishes his view of morality from modern “moralities of obligation,” which regard the moral life primarily as obedience to rules that limit human freedom and curb human desires. Instead of regarding freedom as the capacity to engage in excellent acts of virtue, the modern view understands freedom as the radical ability to do good or evil indifferently. Pinkcaers argues convincingly that this view of freedom and the morality of obligation that flows from it have impoverished the Catholic understanding of the moral life. This book offers the reader a compelling itinerary of moral development, rooted in the theology of St. Paul and the morality of the Gospels.

SAINTS AND THEIR SYMBOLS Rosa Giorgi

Saints are often depicted with particular objects or symbols that played a dramatic role in their lives, and these objects have become symbolic of the saints and can be used to identify them in art. For instance, Saint Catherine of Alexandria is usually shown with a wheel, the object on which she was tortured as a result of her faith, while Saint Peter the Apostle often appears with the keys to heaven given to him by Jesus. These symbols represent drama, suffering, and unbending faith, and one has only to be aware of these elements in order to recognize the saints in art.

Detailing the feast days, patronages, appearances, biographies, and symbols of more than 120 saints, Saints and Their Symbols is an exquisite reference, illustrated by more than 200 evocative color images. From the same author of, Saints: A Year in Faith and Art.

New Endeavors in Ecclesiology

Joseph Ratzinger

(Pope Benedict XVI)

In this collection of essays, Joseph Ratzinger, now Benedict XVI, tackles three major issues in the Church today—the nature of the Church, the pursuit of Christian unity, and the relationship of Christianity to the secular/political power. Beneath a penetrating analysis on these important topics by this brilliant teacher and writer is revealed the passion of a great spiritual leader. The result is an exciting and stimulating work, which can be provoking, but never boring.

We Still Hold These Truths

Matthew Spalding

Spalding explains and brings to life ten core principles that define us as a nation and inspire us as a people—liberty and equality, natural rights and the consent of the governed, private property and religious freedom, the rule of law and constitutionalism, all culminating in self-government at home and independence in the world. His enlightening and engaging tour through America’s founding not only recalls the deep roots of our “first principles” in Western civilization but also reveals their enduring lessons for today.

Christianity and Democracy

and The Rights of Man and

The Natural Law

Jacques Maritain

As this important work reveals, the philosophy of Maritain on natural law and human rights is complemented by and can only be properly understood in the light of his teaching on Christianity and democracy and their relationship. Maritain shows that Christianity cannot be made subservient to any political form or regime, that democracy is linked to Christianity, and that in order for democracy to thrive, it must reflect certain values historically derived from the Gospel.

Render Unto Caesar

Charles J. Chaput, O.F.M., Cap.

Few topics in recent years have ignited as much public debate as the balance between religion and politics. Does religious thought have any place in public discourse? What does it truly mean to have a separation of church and state? Archbishop Charles J. Chaput argues that our public life must be considered within the context of its Christian roots. American democracy does not ask its citizens to put aside their deeply held moral and religious beliefs for the sake of public policy. In fact, it requires exactly the opposite.

Abuse of Language, Abuse of Power

Joseph Pieper

One of the great Catholic philosophers of our day reflects on the way language has been abused so that, instead of being a means of communicating the truth and entering more deeply into it, and of the acquisition of wisdom, it is being used to control people and manipulate them. Reality becomes intelligible through words. This mediating character of language, however, is being increasingly corrupted. Tyranny, propaganda, mass-media destroy and distort words.

We Still Hold These Truths

Matthew Spalding

Foreword by Fr. Joseph Fessio, SJ

Jay Richards and James Robison

In fact, it requires exactly the opposite.

Christianity and the Crisis of Cultures

Joseph Ratzinger

(Pope Benedict XVI)

Joseph Ratzinger addresses the crisis of culture that is evident in Europe today, and the Western World in general. Ratzinger challenges non-believer and believer alike. “Both parties,” he writes, “must reflect on their own selves and be ready to accept correction.” He challenges secularized, unbelieving people to open themselves to God as the ground of true rationality and freedom. He calls on believers to “make God credible in this world by means of the enlightened faith they live.”

God in Action

Francis Cardinal George

In this bracing manifesto, Francis Cardinal George provides refreshing insight into the intersection of faith and the public sphere. He calls for resistance to creeping ideas that seek to deny religious organizations the freedom to act on their convictions and, thus, shutting voices of faith out of the public sphere on culture-defining issues. God in Action presents a universal message rooted in the Catholic philosophical tradition that is impossible to ignore.

Marriage: The Rock on Which the Family is Built
Revised & Expanded Edition
William May
Is marriage the foundation of family life? Many people today would say, “No!” Others would say, “Yes!”, but they would define “family” and “marriage” in ways at odds with how the words have been used almost throughout human history. In this revised and expanded edition of his book, internationally-renowned theologian William E. May makes the case for marriage’s foundational role for family, with marriage defined as the union of one man and one woman.

Janet Smith, well-known philosophy professor and writer, presents a critical look at the meaning of the “right to privacy” that has been so often employed by the Supreme Court in recent times to justify the creation of rights not found in the Constitution by any traditional method of interpreting a legal document. Smith shows how these inceptions have led to the legal protection of abortion, assisted suicide, homosexual acts, and more.

Karol Wojtyla
(Blessed John Paul II)
Drawing from his own pastoral experience as a priest and bishop before he became Pope John Paul II, Karol Wojtyla has produced a remarkably eloquent and resourceful defense of Catholic tradition in the sphere of family life and sexual morality. He writes in the conviction that science—biology, psychology, sociology—can provide valuable information on particular aspects of relations between the sexes, but that a full understanding can be obtained only by study of the human person as a whole.

Ten Universal Principles
A Brief Philosophy of the Life Issues
Robert J. Spitzer, S.J., Ph.D.
In Ten Universal Principles: A Brief Philosophy of the Life Issues, Jesuit Father Robert Spitzer sets out, in a brief, yet highly-readable and lucid style, ten basic principles that must govern the reasonable person’s thinking and acting about life issues. A highly-regarded philosopher, Father Spitzer provides an intelligent outline for thinking and talking about human life. This book is a powerful tool for persuasively articulating and effectively inculcating a pro-life philosophy.

Marriage: The Rock on Which the Family is Built
Revised & Expanded Edition
William May
Is marriage the foundation of family life? Many people today would say, “No!” Others would say, “Yes!”, but they would define “family” and “marriage” in ways at odds with how the words have been used almost throughout human history. In this revised and expanded edition of his book, internationally-renowned theologian William E. May makes the case for marriage’s foundational role for family, with marriage defined as the union of one man and one woman.

The CONTRACEPTION DEBATE

WHY HUMANAE VITAE WAS RIGHT

Eleven contributors, including internationally-respected theologians, provide the demonstration that Pope John Paul II was not simply wrong, but that the magisterium of the Church has been correct from the beginning. Contributors include William May, Paul Quay, Elizabeth Anscombe, Dietrich von Hildebrand, Carlo Caffara, Cormac Burke, Ralph McInerny, John Kippley, John Finnis and Janet Smith.

The Right to Privacy
Janet Smith
Foreword by Robert Bork
Janet Smith, well-known philosophy professor and writer, presents a critical look at the meaning of the “right to privacy” that has been so often employed by the Supreme Court in recent times to justify the creation of rights not found in the Constitution by any traditional method of interpreting a legal document. Smith shows how these inceptions have led to the legal protection of abortion, assisted suicide, homosexual acts, and more.

Sex and the Marriage Covenant
John F. Kippley
The thesis of this book is that God intends sexual intercourse to be a renewal of the marriage covenant. It follows that the marriage covenant provides the criterion to evaluate the morality of every sexual act.

“I should say that my wife and I, while still Protestants, found the first edition of this work to be so luminous and compelling as to help change our minds on the matter of contraception.” —Dr. Scott Hahn

This Summer, why not relax with a great book? These novels will not only entertain but inspire!

The Father’s Tale A
A Novel • Michael D. O’Brien
Canadian bookseller Alex Graham is a middle-age widower whose quiet life is turned upside down when his college-son disappears without any explanation or trace of where he has gone. With minimal resources, the father begins a long journey that takes him for the first time away from his safe and orderly world. As he stumbles across the merest thread of a trail, he follows it in blind desperation, and is led step by step on an incredible odyssey.

Manalive A
A Novel by G.K. Chesterton
This classic novel by the brilliant G.K. Chesterton tells the rollicking tale of Innocent Smith, a man who may be crazy or possibly the most sane man of all. Arriving at a dreary London boarding house accompanied by a windstorm, Smith is an exuberant, eccentric and sweet-natured man. Then the unexpected happens: Smith shoots at one of the tenants, and two doctors arrive to arrest him, claiming that he’s a bigamist, an attempted murderer, and a thief. In this delightfully strange mystery, Chesterton demonstrates why life is worth living.

Looking for the King A
An Inklings Novel David C. Downing
It is 1940, and American Tom McCord, a 23-year-old aspiring doctoral candidate, is in England researching the historical evidence for King Arthur. There he meets Laura Hartman, a fellow American, and the two of them team up for an even more ambitious and dangerous quest aided by the Inklings—including C. S. Lewis and J. R. R. Tolkien.

Ida Elisabeth A
Sigrid Undset
In this compelling drama about fidelity, sorrow and forgiveness, Nobel Prize-winning author Sigrid Undset tells the story of Ida Elisabeth. Unlike Undset’s famous historical novels, which are set in medieval Norway, this story opens in 1930. As in Undset’s other fiction, however, Ida Elisabeth poignantly illustrates how poor choices affect the course of a person’s life and how the suffering endured because of grievous mistakes can become the means by which a love is purified.

Poor Banished Children A
A Novel by Fiorella de Maria
An explosion is heard off the coast of seventeenth-century England, and a woman washes up on the shore. She is barely alive and does not speak English, but she asks for a priest . . . in Latin. She has a confession to make and a story to tell, but who is she and from where has she come? This historical novel raises challenging questions about the nature of courage, free will, and ultimately salvation.

“A soulful, beautifully written, and haunting novel.”
—Ron Hansen, Author, Mariette in Ecstasy

Pride and Prejudice
Jane Austen
Jane Austen is arguably the finest female novelist who ever lived and Pride and Prejudice is arguably the finest, and is certainly the most popular, of her novels. Yet Austen saw the follies and foibles of human nature, and the frictions and fidelities of family life, with an incisive eye that penetrates to the very heart of the human condition. This edition of Austen’s masterpiece includes insightful critical essays by leading Austen scholars.

Paul Glynn

The Story of Takashi Nagai

Paul Glynn’s biography of St. Edmund Campion is written with a novelist’s eye for the telling incident and with all the elegance and feeling of a master of English prose. From the years of success as an Oxford scholar, to entry into the newly founded Society of Jesus and a professorship in Prague, Campion’s life was an inexorable progress towards the doomed mission to England. There followed pursuit, betrayal, a spirited defense of loyalty to the Queen, and a horrifying martyr’s death at Tyburn.

**The World of Saint Paul**

*Joseph Callewaert*

Joseph Callewaert’s engaging work on St. Paul reads like a novel. With inviting, even dramatic, prose, it recounts the story of the great Apostle to the Nations. This is no dry tome or ponderous biography. Nor is its subject a “safe” historical figure, irrelevant to the issues of today: St. Paul remains controversial. For those who know little about St. Paul—which includes many Christians—it is a superb introduction.

**The Spirit of Fr. Damien**

*Jan de Volder, foreword by John Allen*

De Volder follows Fr. Damien’s transformation from the stout, somewhat haughty missionary of his youth, bounding from Europe to Hawaii and straight into the seemingly tireless priestly work, to the humble and loving shepherd of souls who eventually succumbed to the same disease that ravaged his flock. De Volder contends that the spirit of Father Damien that so speaks to the world, is at once uniquely Christian, fully human, and as important today as ever before. Illustrated.

**The Song of Bernadette**

*Franz Werfel*

Werfel, a highly respected anti-Nazi writer from Vienna, became a Jewish refugee who barely escaped death in 1940, and wrote this moving story to fulfill a promise he made to God. While hiding in the little village of Lourdes, Werfel felt the Nazi noose tightening, and realizing that he and his wife might well be caught and executed, he made a promise to God to write about the “song of Bernadette” that he had been inspired by during his clandestine stay in Lourdes.

**The Perfect Joy of St. Francis**

*Felix Timmermans*

This classic reveals a deep understanding of Francis and the ideals that enabled him to move the whole world. It is a combination of artistry, poetry and simplicity that plumbs the soul of St. Francis.

“One of the classic lives of St. Francis. I recall being deeply moved and encouraged in my own vocation by reading this book decades ago. Congratulations to Ignatius Press for making it available to readers today.”

—Fr. Benedict Groeschel, C.F.R.

**Padre Pio Under Investigation**

*The Secret Vatican Files*

*Francesco Castelli*

The documents in this book reveal every aspect of Padre Pio’s life from his amazing supernatural gifts to his health. In his depositions, he admits, under oath, to the phenomenon of bi-location and to other supernatural charisms, and for the first time tells the detailed story of his stigmatization. Also included are letters from his spiritual father and a chronology of his life. Illustrated with black and white photos.

INTRODUCTION TO CHRISTIANITY
Revised Edition

One of the Pope’s most important and widely read books, this volume is a revised second edition. His approach puts the question of God and the question about Christ in the very center, which leads to a “narrative Christology” and demonstrates that the place for faith is in the Church. Benedict’s profound treatment of Christianity’s basic truths combines a spiritual outlook with a deep knowledge of Scripture and the history of theology.

The Priest Is Not His Own
Fulton J. Sheen

The beloved Archbishop Sheen,
presents a profound and deeply
spiritual look at the meaning of
the priesthood and relationship
of the priest with Christ as an
“alter Christus”. Sheen delves
deeply into what he consid-
ers the main character of the
priesthood, and one not often
discussed, that of being, like Christ, a “holy victim”.
To be like Christ, Sheen emphasizes that the priest
must imitate Christ in His example of sacrifice,
offering himself as a victim to make His Incarnation
continually present in the world.

Adam and Eve after the Pill
Mary Eberstadt
Secular and religious thinkers agree: the sexual revolution is one of the most important milestones in human history. Perhaps nothing has changed life for so many, so fast, as the severing of sex and procreation. But what has been the result? Mary Eberstadt contends that sexual freedom has paradoxically produced widespread discontent. Drawing on sociologists, philosophers, feminists, food writers, musicians, and other voices from across today’s popular culture, Eberstadt makes her contrarian case with an impressive array of evidence.

The Voice of the Church at Prayer
Uwe Michael Lang

The fathers of the Second Vatican Council allowed for extended use of the vernacular Mass, but they maintained that Latin deserved pride of place in the Roman Rite. The outcome, however, was that modern translations of the prayers of the Mass replaced the Latin prayers. What was the reason for the Council’s decision and why is there now a desire for greater use of Latin in Catholic worship? Why have some post-conciliar English translations of the prayers of the Mass been replaced? Fr. Lang answers these and other questions.

God’s Mighty Servant
Sister Pascalina Lehnert, Secretary of Pius XII

This is the amazing story of Sister Pascalina Lehnert (1894-1983) who was the personal confidant and secretary to Pope Pius XII for 40 years. In 1918, the young nun Pascalina is sent to Munich to be the housekeeper of the new Papal Nuncio, Eugenio Pacelli. Though they seem to have little in common, Pacelli becomes impressed by Pascalina’s directness, zeal and alertness. But when he is appointed Cardinal Secretary of State in 1929, Pacelli moves to Vatican City—where women are forbidden to live.

Pascalina is missed, and she is invited to work in the Vatican—the first woman ever to do so. At the outbreak of war, Pacelli is elected Pope and becomes Pius XII. As the war tears Europe apart, the Pope puts his life, and the papacy itself, on the line by opposing the Nazis and fascists. Thanks to the fearlessness of Rome’s clergy and the tirelessness of Pascalina, he manages to save the lives of many Roman Jews. Sister Pascalina remains at the Pope’s side until his death in 1958—God’s mighty servant to the end. Starring Christine Neubauer, Remo Girone, Wilfried Hochholdinger, Renato Scarpa. In German with English and Spanish subtitles.

Don Bosco
Special Edition

Ben Gazzara stars in this classic film about St. John Bosco, the beloved 19th century Italian priest who sought out the homeless youth of Turin to help them have a better life. He overcame incredible challenges, including the government who wanted him out of the way, an archbishop who tried to silence him, and the revolution that put a price on his head. But nothing could stop Don Bosco from rescuing the poor and outcast children to give them a home, teach them work skills, and catechize them in the Catholic faith.

Patsy Kensit and Karl Zinny also star with Gazzara, and the film was directed by Leandro Castellani.

This Special Edition includes a 43 minute “Making of the Film” documentary never before seen that tells the behind the scenes story of the film, and introduces the actors in the movie. In English with optional Spanish subtitles.
